

# Resources for COVID-19 Testing

Testing recommended for anyone:

- ✓ with symptoms, as soon as symptoms develop
- ✓ If have a close contact exposure (w/in 6 ft for >15min in 24hrs):
  - Unvaccinated – quarantine 10-14 days, test asap and again 7 days after exposure
  - Vaccinated – test 3-5 days after exposure, wear a mask in public indoor settings until get neg test

- **Dartmouth**

- Patient calls DH COVID Hotline ([603-650-1818](tel:603-650-1818)) and *tells them they are WFRP patient.*
- Will test asymptomatic prior to travel or return to school/college
- If looking for asymptomatic test *after exposure*, will only test if need to return to work or school/daycare
- DHMC calls patient with results. Results also available on myDH.org as soon as they result
- Test M-Sat 9:15-10:45

- **APD**

- Patient calls directly [603-442-5665](tel:603-442-5665)
- Community testing site for UV region of NH. Only testing NH residents and VT kids
- Test M-F @1:30, result in 24-48 hours (Usually 24hrs), APD calls pt directly with results

- **Clear Choice Urgent Care**

- Tests sent to quest, results typically in 24 hrs (faster than our tests also going to quest)
- Have rapid antigen test as well as PCR test

- **Valley Regional Healthcare**

- Schedule online at [www.vrh.org](http://www.vrh.org)
- Test 7 days a week
- Results in 1-3 days, they call pt with results. Have been resulting in 24hrs, apparently send to DHMC

- **Springfield Hospital**

- Physician orders faxed to [802-886-8947](tel:802-886-8947), patients can call 802-886-8902 to schedule if they have a physician's order.
- Symptomatic testing Mon-Fri 8:00AM-5:00PM
